

CCUT

Programme for NQTs

In partnership with

As a successful and well-established Trust, we know that supporting and developing Newly Qualified Teachers in their first year of teaching is hugely important for them, their schools and the young people in their care. You will want the very best for your new teachers as they take up their role. Building on NQTs feedback from last year, our programme is designed to ensure that participants will experience a comprehensive, skills led approach, supported by experienced, specialist, class-based teachers and head teachers in liaison with Octavo Partnership. We believe that our NQT programme will help ensure successful outcomes for our newest teachers allowing them to thrive, not just survive, and develop into highly skilled, reflective practitioners and potential leaders for the future.

What we offer:

- 8 full days (including lunch)
- A variety of host schools to allow NQTs to experience different settings
- Balance of practical and knowledge / reflection led days
- Access to a network of peers

Each day has a specific theme relating to an aspect of their professional development, as well as providing an opportunity for focused discussion about progress, barriers and support. The sessions will be led by staff from across our trust, supplemented by expert input from our colleagues at Octavo.

BOOK NOW

£700 per NQT for full 8 session CPD programme

NQT FEEDBACK

“Facilitators were lovely, enthusiastic and very knowledgeable.”

“Really engaging, interactive and fun activities that I can relate to the topics I am teaching-Loved it!”

“Thank you for supporting me this year - the sessions have been great and always delivered with enthusiasm!”
