

Safeguarding Principles during COVID 19

A number of important safeguarding principles remain the same:

- with regard to safeguarding, the best interests of children must always continue to come first
- if anyone in a school or college has a safeguarding concern about any child they should continue to act and act immediately
- a DSL or deputy should be available
- it is essential that unsuitable people are not allowed to enter the children's workforce and/or gain access to children
- children should continue to be protected when they are online

Schools and colleges should, as far as is reasonably possible, take a whole institution approach to safeguarding. This will allow them to satisfy themselves that any new policies and processes in response to COVID-19 are not weakening their approach to safeguarding or undermining their child protection policy.'
